Example 1 - Contextual Disambiguation

- Al: ızgara
- My PE: sorgu

Why I changed: The word "grilling" was translated out of context which caused a misleading meaning. My translation is more accurate.

Example 2 -

- Al: fizikçiler açıktı
- My PE: fizikçilere göre gayet açıktı

Why I changed: There is a misunderstanding object in the first sentence. My translation preserves the intended meaning.

Example 3 -

- Al: Tuhaf yatak arkadaşları
- My PE: Farklı görüşlere sahip iki grup

was translated too literally and out of context.
My translation preserves the meaning and
conveys a more natural speech.
