Example 1 - Direct Translation

- Al: bazılarını kesiyor
- My PE: bazılarının ortak noktası

Why I changed: The phrase "cuts a cross-section" was translated too literally. My translation is more natural and appropriate.

Example 2 - Incorrect Translation

- Al: ceketler
- My PE: jak meyveleri

Why I changed: The word "jackfruit" was translated incorrectly and out of context.

Example 3 - Proper Name

- Al: Kraliçeler
- My PE: Queens

Why I changed: Queens is a district in New York and should be kept as "Queens" rather than translated directly.
